The distribution of quail will take place from March 15 to April 1. It is expected that five thousand birds, or twenty-five hundred pairs, will be distributed. The state commissioners do not think the interests of the state are best served by distributing birds to private parties or to clubs, but are of the opinion that the birds should be distributed for the benefit of the entire people of the state.

AT BROADWAY THEATER.
Vaudeville and Motion Pictures.
The midweek change at the Broadway theater provides the patrons with an excellent entertainment. The bill is headed by the popular "Kunzel," the dog with brains, and his work is a feature. The playlet, "A True Friend," is well conceived and finely carried out, depicting, as is often the case, the wisdom and intelligence of a faithful dog.

In "The Suffragette," Mr. and Mrs. Reynolds have a timely sketch which is a laugh provoker, being full of good jokes and comedy. They have a charming way of presenting it, and the audience welcomed the bit of funny stuff.

Gates and Blake, as comedians, have songs and jokes to please, and the latter was obliged to respond to a number of encores. Joe Cook as a singer, dancer, juggler and balancer has a diversity of attractions in his act, closing by standing on a large ball and rolling it up an incline and then down a flight of stairs.

Tried to End Life With Chloroform.

A. N. Fetherston Saturated Horse Blanket and Wrapped It About His Head—Believed He Will Recover.

Locking himself in his office in Brewer street, New London, and pulling down the curtains, A. N. Fetherston, a lively stable owner, sat for a blanket with chloroform and wrapping it around his head lay down on a couch, where he was found unconscious Thursday night by three policemen after the office door had been broken down. Medical attendance was summoned and it is thought that he may live, although his condition is critical.

Business and the fact that he is supposed to have led him to attempt suicide.

Mr. Fetherston, who is 55 years of age, had not been seen since 1 o'clock Thursday morning. The curtains of his office had been down all day and the door was locked. When he did not show up at supper time Mrs. Fetherston

became anxious about him and at 7 o'clock appealed to the police. They went to the stable, which is close to his home, and being unable to get in first looked down through a neat register opening into a room around the office. They were able to see him rolled up in the blanket and at once forced the door open.

He was barely alive when found and was at once given medical attention. It is believed he used about a half pint of the chloroform in saturating the blanket, as a half pint bottle with a small amount of the anesthetic left in it was found in the office. He rallied some from the efforts made by the doctors, but had not gained consciousness at a late hour. For many years he has been engaged in the livery business in New London, where he is well known. He is married and has two children.

SUIT IS COMPLETED EXCEPT FOR ARGUMENTS.
End of Lowe vs. Hendrick Suit Will Come After Short Calendar Session Today.

In the superior court on Thursday morning the suit of R. A. Lowe vs. E. E. Hendrick, was argued, except for examination of Mr. Lowe being completed, and he was followed by Miss Edith Fellows, stenographer in Attorney Thayer's office, who testified to a number of letters written in the case.

There was more testimony by Messrs. Andrews and Hendrick, which occupied the court until after the noon hour, when the arguments were resumed. Attorney Perkins had not completed his argument when court adjourned at 2 o'clock. The case may be argued again at the meeting of the New London County Historical society at Slater hall and hear ex-Chief Justice Baldwin's paper on The Seal of Connecticut.

It was agreed that the arguments in the case would be completed after the short calendar business today. The papers in the case of J. J. Desmond, trustee, vs. Mary Otis and others were read and that will follow the completion of the case on trial.

SPOKE AT BROADWAY CHURCH
Needs of Talladega College Set Forth by President J. M. P. Metcalf.

At the Thursday night meeting of the Broadway Congregational church there was a report on the charity meeting of Wednesday evening and there were brief remarks by J. M. P. Metcalf, president of Talladega college, Talladega, Alabama, who is the director of the institution in an interesting manner and spoke of the needs of the institution. It was at this institution that the late Mr. Lester Hill road was a teacher for some time.

The departments of instruction are theological, collegiate, normal, preparatory, common school grades and music. Talladega college is also making much of the industrial feature, in agriculture, in wood and iron work, including wood turning and machine shop practice, drafting, printing, and for women, in the model home, also used as the center of girls' industries in cooking, sewing, housekeeping and nurse training.

The college employs 35 instructors and officers. There are over 650 pupils in annual attendance, representing twenty-eight Alabama counties, and thirteen states and territories.

Students come from Rhode Island to Texas. This number 12 are children of its alumni.

Five mission Sunday schools in the vicinity of Talladega, enrolling 300 pupils, are maintained by students during the term time. At least 2,000 pupils are in attendance upon country district schools, in charge of undergraduates.

TROLLEY WIRE BROKE.
Repair Gang Went to Mohegan Hill at Midnight to Make Repairs—Ice Gave Trouble.

The trolley wire on the Montville electric line broke Tuesday evening at Mohegan Hill in Montville, and the last New London car up. The repair car was sent out after midnight to make the repairs to the line.

The freezing of the wire on Thursday evening bothered the trolley cars considerably because of the ice on the wires and there was much flashing as the cars were run.

UNCAS POWER COMPANY
Now Furnishing Current Steadily for the Electric Light Plant.

The Uncas Power company is now furnishing electricity to the electric light plant steadily day and night. Ever since the first big snow storm there has been plenty of water to operate their plant at Scotland and the local plant has been relieved of the necessity of running the steam plant. Some repairs are being made to the machinery in the light plant at that place.

The scarcity of water was the only reason which prevented the power company from furnishing the electricity during the late summer and fall, but there seems to be plenty now and further dry spells are not being anticipated.

GOING INTO VAUDEVILLE.
Raymond Eldred Will Go on the Western Circuit of Keith & Proctor.

Raymond Eldred of this city, the well-known violinist, has decided to go on the vaudeville stage and has entered into a contract with Keith & Proctor, whereby he will go on the western circuit of that big vaudeville agency.

He is a capable young violinist of much promise and will gain valuable experience by his appearance on the stage and his many friends look forward to his making a success of the venture.

POSTAL SAVINGS BANK BILL.
President Practically Assured of Its Passage by Senate.

Washington, Feb. 17.—Assurances of the passage of the postal savings bank bill were practically given President Taft tonight at a conference at the White House. The house representatives at the conference were Representative Weeks of Massachusetts, chairman of the committee on post-offices. The others who took part were Senators Proctor, chairman of the committee on postoffices and postroads, Aldrich, Root, Crane and Carter, the last named being in charge of the savings bank measure. All of them were chary about the exact outcome of the discussion with the president, but each appeared optimistic.

Terrific Explosion Dynamite Cartridges
Pottsville, Pa., Feb. 17.—A spark from a miner's lamp falling into a box of 100 dynamite cartridges, each with a pressure of 25 pounds, caused a terrific explosion in the tunnel of the Dunkleberger colliery, near Trevorton, today, and badly injured three men.

From 8,000 to 10,000 coal slack and pitch briquettes are manufactured and consumed in the city of Belfast, Ireland, each year.

CHILDREN WITH MEASLES HAVE CHURCH SERVICE.
Those at Rock Nook Home Were Discovers in Midst of a Meeting of Their Own.

A religious service conducted on their own initiative by a group of children at the Rock Nook home was a recent interesting Sunday programme observed by some of the officials at the home among a group of a dozen or more children who had been segregated from the rest and placed in the upper part of the house because of the measles.

The measles group were naturally prevented from attending church or the usual Sunday school, but when the home officials came to look at them on recent Sunday, they found the children were making up for the deficiency. A regular church service was in progress, which the officials watched unobserved by the children. It opened in proper form with a hymn, then there was a prayer, followed by more singing, and to make all complete one of the larger boys selected a Bible verse for a text and delivered a brief sermon. The entire service was carried on in seriousness and with decorum, suggesting that the faithful instructions at the home were making their impressions and bearing fruit.

BODY BROUGHT HERE.
John Carroll Has Several Relatives in Norwich.

The body of John Carroll, who died in New Haven suddenly on Tuesday, was brought to this city by Undertaker Hourigan on Thursday evening. The body was accompanied by James T. Egan of this city, who is the husband of a niece of the deceased.

When formerly a resident of this city Mr. Carroll was employed as a soldier. He was born in County Limerick, Ireland, and came to this country when he was 17 years old. For many years he lived here, but removed to New Haven about twenty years ago. Late he had been janitor of Willoughby hall, which adjoins the Yale dining room. When he passed away it was found he had left an inheritance policy in favor of one of his sisters, Mrs. Nora Clark, of No. 112 Chestnut street. Besides the insurance money Mr. Carroll also left some money in the bank. He was never married.

Mr. Carroll is survived by three sisters, Mrs. William H. Clark of Chestnut street, Mrs. Mary A. Caffrey and Miss Ann Carroll of Bean Hill, and three nieces, Mrs. Michael Carroll and Mrs. Thomas Buckley of Bean Hill and Mrs. James T. Egan of this city, and two nephews, James Caffrey of Bean Hill and Patrick Caffrey of Terre Haute, Ind.

Stomach Misery for Over Six Years

Think of it! After six years of sour stomach, of gas eructations, of nervousness, during which time every meal lay on his stomach like a lump of lead, a man was restored to perfect health by Mi-o-na stomach tablets.

Read what Mr. Hoffman, landlord of the Webster Hotel, writes:

"I suffered misery and intense pain from stomach trouble for over six years, and all the doctoring, dieting or medicines I used were of no avail until about two years ago, when I used a treatment of Mi-o-na. The first few days' treatment helped me greatly and upon using it a while I was made entirely free from any stomach trouble or complaint whatever. Since the cure by Mi-o-na I have regained my weight, I eat and sleep well, am never nervous, and my entire general health is much better."—Max M. Hoffman, Webster, N. Y., Aug. 2, 1909.

Mi-o-na relieves stomach distress in five minutes. It acts like magic. It is guaranteed to cure sour stomach, gas eructations, heartburn, distention, biliousness and nervousness, or money back. For sale by druggists everywhere and by The Lee & Osgood Co., for 50 cents a large box.

U. S. SENATOR TILLMAN SERIOUSLY ILL AT WASHINGTON.
Suffering from Slight Paralysis, His Physician Says.

Washington, Feb. 17.—United States Senator Benjamin R. Tillman of South Carolina is seriously ill and possibly will be unable to participate in any active deliberations of the senate the rest of this session.

Dr. E. F. Pickford, Senator Tillman's physician, said tonight after he had made a careful examination of the patient that the senator is suffering from slight paralysis due to a leakage of blood in the brain caused by calcification of the arteries. In the opinion of the doctor absolute rest and quiet are essential.
